

LETTER FOR PARENTS!

Invitation –

Visit us at the 11th Ulm Education Fair
from 9th – 11th February 2023

■ Geschäftsstelle
Bildungsmesse
c/o IHK Ulm
Olgastraße 95-101
89073 Ulm

Dear parents

The city of Ulm, along with the IHK Ulm are organizing the education fair for schools, apprenticeship, studies and further training at the Ulm exhibition grounds for the 11th time. It is a key offer for all young people, looking to start their career path.

www.bildungsmesse-ulm.de

The education fair provides the opportunity

- to meet exhibiting companies in gathering information about their different career paths and choices as well as to establish new contacts.
- to learn more about specific apprenticeships and study programs in various short presentations.
- to receive answers to questions concerning your choice of career.
- to get your letter of application and your Curriculum Vitae checked by a HR professional as well as to receive individual advice how to optimise them.

Your child will probably visit the education fair as part of an organised external event from school. In addition, we recommend you to come along with your child to visit the education fair as it is scientifically proven that young people in their job finding phase rely mostly onto their parents.

For a successful visit of the fair, a good preparation is compulsory. Therefore, we would highly appreciate if you could support your child in doing so to ensure you and your child get the most out of it. How this works is explained in detail when you check our homepage at www.bildungsmesse-ulm.de. You will have the possibility to generate your own individual road map of the fair, just to mention one. Please note, while visiting our homepage, there is a specific area for parents for more detailed information as well as you will find this letter in different languages.

Also, please log onto the different social media channels for further information.

We look forward to seeing you!

Kind regards

Sonja Ukkat
